- French (Basic)
- Hindi (Basic)

HOBBIES & INTERESTS

- Learn about programming languages
- Travel
- Book reading
- Listening to songs
- Explore new things

CAREER OBJECTIVE

Motivated and enthusiastic BCA student with a strong interest in programming, automation, and technology. Eager to enhance technical knowledge and practical skills in software development and automation tools. Seeking opportunities to contribute effectively while continuously learning and growing in the IT field.

EDUCATION

Bachelor of Computer Applications (BCA)

Jamal Mohamed College, Tiruchirapalli

2024 – Present

Higher Secondary Education (12th)

Imam Gazzali Matric Hr. Sec. School, Lalpet

2023 – 2024 | Percentage: 83.5%

SSLC (10th)

Aided Muslim High School, Ayangudi

2021 – 2022 | Percentage: 83.6%

PROJECTS

1. Enterprise Supplier Data Management

Tool Used: UiPath Studio

Developed an automation-based project for managing enterprise supplier data using UiPath Studio. The project helps streamline repetitive data management tasks, improve efficiency, reduce manual errors, and enhance workflow automation.

2. Portfolio Website

Designed and developed a personal portfolio website to showcase my skills, projects, certifications, and achievements. The website is responsive and built using HTML, CSS, and JavaScript to reflect a clean and professional look.

3. Campus Hub

Campus Hub is a platform designed to connect students, share resources, and provide useful updates related to college activities, events, and announcements. It aims to make student collaboration and communication easier and more effective.

INTERNSHIP

1. UiPath Studio Internship

Completed Internship Training in UiPath Studio and gained practical exposure to automation workflows and robotic process automation concepts.

2. Qryptex Internship – Frontend Developer

Completed a Frontend Developer internship at Qryptex, where I worked on building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React. Gained hands-on experience in component-based development, API integration, and version control using Git/GitHub.

CERTIFICATIONS

- Completed “Python for Data Science” from SWAYAM NPTEL and secured **69%**.
- Participated in College Expo with an Arduino-based Obstacle Avoiding Car Project and received a Participation Certificate.
- Completed Frontend Developer Internship at Qryptex and received a Certificate of Completion.
